Roberta Coker has studied Hands and Fingerprints since 1996. She is a certified Master Hand Analyst and respected faculty member at the International Institute of Hand Analysis. Having analyzed more than 7,500 pairs of hands from around the globe she is a popular speaker and workshop/retreat facilitator teaching the principals necessary for accessing Life Purpose and the greatest levels of life fulfillment. Roberta helps her clients change their lives in extraordinary ways through the awareness and understanding of the information revealed to them by their hands and fingerprints.

**Integrative Hand and Fingerprint Analysis is a potent, non-predictive
spiritual and scientific practice that provides dynamic personal insights
and tools to promote powerful personal growth**

**Five months before you were born, your unique fingerprints were
permanently and unalterably formed. They hold the key to understanding
who you came here to be, what you came here to do, the work you came
here to accomplish, and the challenges that you came here to face.**

Your distinct fingerprints solidly identify your unique & passionate Life Purpose
